

EUGA 2021 ANNUAL CONGRESS REPORT

The EUGA's annual congress 2021 held Online and at Cankarjev Dom in Ljubljana from 2 to 4 December 2021, was a great success despite the pandemic situation related to COVID 19. A total of 456 delegates from 41 different countries on 5 continents, were registered. The congress, which has been accredited by the European Accreditation Council for Continuing Medical Education, provided the opportunity to attend seven workshops, five abstract sessions, lectures and several scientific symposium. All healthcare professionals involved in the treatment of pelvic floor dysfunctions (physicians, physiotherapists, nurses and midwives) were represented, reflecting all the aspects of our association. The event exceeded expectations, proving useful to participants with a high percentage of educational value and satisfaction. This was due to the quality of the contents and speakers who contributed to the success of the meeting.
